SJS Stephanie Stringfellow PHOTOGRAPHY

ABOUT ME:

I have three main goals for wedding photography. FUN: Weddings should be a time of happiness and love and having a blast. I strive to make your experience stress-free by being flexible, professional, and keeping you as my top priority. TIMELESS: I want your wedding images to be as precious to you in 40 years as it is today. I accomplish this through relaxed posing, classic editing, and an emphasis on your special day. EMOTION: The wedding images that will mean the most to you are the ones that make you feel, so capturing emotion is the foundation of what I do. I hope that as you look through my work, you'll smile, laugh, cry, and feel the love that I have for my brides and grooms and the love they have for each other.
