

## PhotoArt Print Information and Pricing ..... 2006

### **TAZ TALLY PHOTOART PRINTS**

I print your Taz Tally PhotoArt Prints using archival inks on high quality paper, so your prints are designed to last. I shoot many of my images in wild locations I access through hiking, kayaking, biking and skiing. So most of my images are captured where few have visited. So you can be assured your Taz Tally PhotoArt image is unlike other works of art you may see. I love to capture images of the wild lands I explore, and I take immense pride in the uniqueness and quality of each PhotoArt image. I hope you enjoy viewing your Taz Tally PhotoArt Print as much as I do creating it.

### **DIMENSIONS AND PRICING**

Each image is printed and signed specifically for you. I crop and set the output dimensions of each image to compliment the composition of the image, rather than simply conform to a preset dimension. (Note: Each of your Taz Tally PhotoArt Prints will be signed)

| <b>Dimension</b>                     | <b>Price</b>                                      |

### **FRAMING**

A Taz Tally art photo may have added pleasure by presenting it in a custom framing to enhance the photo and give it proper protection. The Art Shop Gallery in Homer Alaska can provide you with the right choice of mounting, mat, glass and frame to fit your personal taste. The Art Shop Gallery is a conservation frameshop using acid free mats, nondestructive mounting and uv protection glass. The Gallery uses email to make sure you are part of the framing process and shipping is by UPS Ground Service. Contact points 800-478-7076, artshopg@xyz.net, www.artshopgallery.com. Ask for Karin (the owner) and tell her you are calling about having your Taz Tally photograph framed.
