CONGRATULATIONS!

Soon you will be making plans for that amazing day when you and your fiancé begin your married life. Your wedding day requires a lot of planning and preparation. Your memories of that amazing event are forever pressed in your beautiful wedding photographs. Because of the important place your wedding photographs hold in your heart, careful preparation is essential. Once you have set the wedding date, contact Locations Photography and set an appointment to meet with us and discuss your wedding photography plans.

WHAT WE NEED TO KNOW

In order to help you design the perfect photography package for your wedding, we need to know several things, including the date, time of day, wedding and reception venues, the size of your wedding party, and the number of expected guests.

Whenever possible, we like to visit the wedding venue ahead of time to look over the best places for wedding image backgrounds. We look forward to meeting you soon. Getting to know you and your fiancé is important to us, because it's helpful in determining the style of photography that best suits your wedding.

Bridal Portraits

Bridal Portraits are a beautiful tradition that allows you to be photographed in your wedding gown prior to your wedding day. This is another great opportunity for us to get to know your personality before the big day. Many brides choose to have one or more of their bridal portraits displayed at their reception. Bridal Portraits made in our studio offer a traditional feel but also allow for a fun, modern, and creative twist on traditional bridal portraits.
