Your Experience

Pre-Session Consultation

We will talk about the images you would love to have, location options, plan your wardrobe, and explore the options for your finished products. These are typically done in-person, at your home, if you live 20 miles away or less one way from the studio. It will be over the phone and through email if you live more than 20 miles away. If you decide to book, you will sign your contract, pay your session fee, and schedule your next 2 sessions (the photo session and viewing session) at this time.

Your Photography Session

Your session will begin with hair and makeup, unless you decide to have them done at another location before your session. I *strongly* recommend you have your hair, makeup, and nails professionally done before your session, even if you are a professional, because it adds to the feeling of being pampered and gets you feeling amazing! Your 30-90 minute session includes your significant other and any children you already have, 3 wardrobe changes (4 outfits total) at one location. You may choose from cityscape, in-studio, nature, at home, or lifestyle. Unless you already have a location in mind, we will decide on your location during our pre-session consultation.

In-Person Viewing & Ordering Session

This session is held in my studio 14 days following your photography session. You will see a slideshow projection of your 20 fully enhanced, final images and place your order for the products we talked about during your pre-session consultation. Anyone who is interested in seeing the images and purchasing products or is someone who is a deciding factor in which products are purchased is strongly encouraged to come to the ordering session. You have access to your images for 15 days following your ordering session and your

files are purged 60 days following your ordering session, so placing your order at that time is best.

Can I request specific photos to be taken?

Absolutely! We will discuss this during your pre-session consultation.

When Should I Schedule My Session? What Do I Need to Bring?

We recommend doing your maternity session at 7 months for singletons and 6 months for multiples. Each session is unique, so we will talk about what you should bring with you during your pre-session consultation. For example, a session at the beach would require different props/wardrobe than a session in a cityscape.

How to Pay and Payment Plans

You may pay with cash, check, or credit card. Payment plans are available, but you do receive a 5% discount on your total if you pay the full amount up front during your ordering session.

Book My Session!

Booking is easy! Your non-refundable \$195 session fee is required to hold your date, which can be rescheduled twice before forfeiting the fee. A no-show immediately forfeits the session fee, except in the case of an emergency. You can pay the session fee with cash, check, or credit card.

Thank you so much for your interest in Hannah Skye Photography -
I can't wait to ILLUMINATE YOUR LIFE!

XOXO
