MOZ STUDIOS SENIORS

# ARE YOU READY FOR THE MOZ EXPERIENCE?

We are not a high volume studio who will produce a 1000 common images of your senior. We are an Art driven studio, specializing in creating select, distinct, BAD ASS images that you will love for a lifetime.

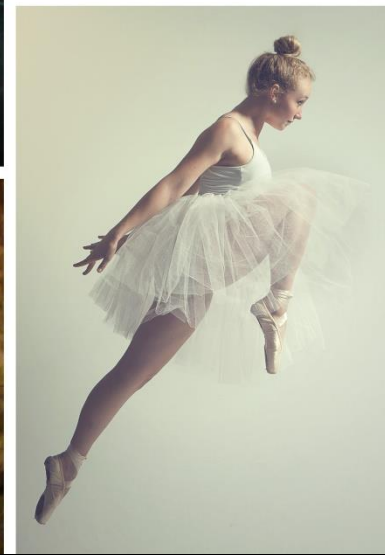

There are two things we guarantee: ONE, your senior will have a great time at their session and TWO, you will love the images we create!

# THE GIRLS

Today, the senior girl wears many hats and is made of many sides. The student. The athlete. The artist. The fashion model.

From natural light location sessions to studio high fashion sessions; we have the many sides of your senior covered.

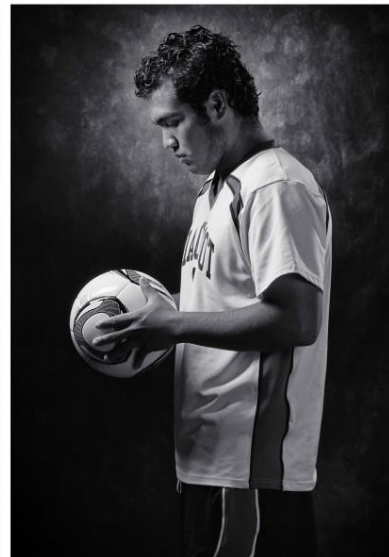

# THE GUYS

When a senior guy looks in the mirror he sees the BAD ASS.

When a mom looks at her senior she sees her LITTLE BOY... and always will.

We capture both.

## TIPS TO MAKE YOUR SHOOT AS SWEET AS POSSIBLE:

### 1 GUYS TIPS

Iron your clothes, be clean shaven or well groomed and have your hair in order as your mom will love your pictures far better if you are looking your best in her eyes! Trust me on this one guys, I have a mom!

### 2 GIRLS TIPS

Glittery Make-up looks great in real life but looks like little white specks in photos. Go with something a little more natural to enhance your natural beauty.

Clumpy mascara in close up photos looks like exactly that; clumpy mascara.

Tan lines should be hidden by clothing if they are very noticeable.

If you would like photos with your hair pulled up/back, plan on starting your look off with the up-do. It's much easier to take the hair down for some fashion forward type looks than it is to spend time putting it up during our limited session time.

Be very mindful that your finger and toe nails will show in the shots. If your nails are a crazy colors or chipped with old nail polish they will be that way in your photos. We can fix them in the post, but at an extra charge.

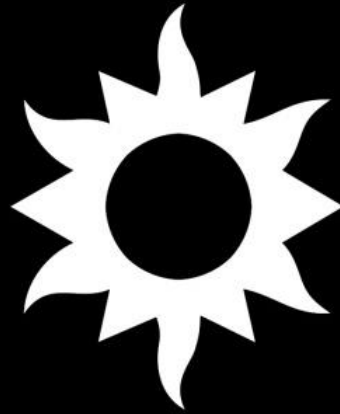

### 3 EVERYONE TIPS

Do not forget to bring props that say who you are and what you are into. If you play football bring one or if you are in the band bring your instrument. Now, if for some reason you are into snakes, rats, piranhas, or ventriloquist dummies you'll just have to tell people your interest because I'm not shooting them.

If you have glasses try to find some that do not have lenses to substitutes for your real ones as they glare a lot with the light we will use during your session.

If you have scars or tattoos let me know if you are not wanting them to be shown in the photos. There will be an extra fee to edit them out in post.
