

## Thinking Ahead [Details]

It's never too early to start planning for the events of your wedding day. We are here to help in any way we can, from choosing which session you want to the best time of day to get married or how imposing you want us to be during the ceremony or reception. Those are just a few reasons we like to start covering the details of your wedding during the same meeting as your engagement.

## Location [When+Where]

Location and time of day can change a lot about how to approach photographing an event. It can also have an impact on the potential quality of your images.

## Questions to Consider

Have you considered doing a separate bride + groom session on a separate day (before or after the wedding) for the most optimal bride and groom shots?

If outside, have you considered direction of sunlight and sunset times to achieve the best lighting conditions for your pictures?

How illuminated will your wedding and/or reception be?

Are strategically placed remote off camera light stands/flashes going to diminish your experience?

## HAIR + MAKE-UP

We believe all of our clients deserve to feel as beautiful outside as their personality reflects. Being a once in a lifetime event, we want to tend to every detail of your engagement and wedding photographic experience.

We have a fabulous sister duo offering professional hair + make-up services to our clients for a screamin' deal of only \$60 per person. Both are certified in their respective field. Jillian and Anica have worked with many clients, seniors, brides, and the models for JUNIEblake and offer a fresh, customized approach to this portion of your experience. This opportunity does require a two week's notice for scheduling, so plan ahead.

How aggressive do you want your photographer to be to get the appropriate images and capture those special moments?

Have you created a list of specific moments or people to capture? What combinations of people do you want photographed? Have you made a list?

Have you thought about assigning a specific person in the bridal party to be the coordinator who will identify certain persons to photograph during the wedding events?

What importance do you place on photos of the setting and details of your wedding/reception (ie: shoes, table setting, decorations)?

Will you want to photograph the bride, groom and bridal party preparing on the wedding day?

Do you plan on displaying prints of your engagement images at your wedding?

Will you need your photographer to travel to any of your event locations?

If being sealed in the temple, have you considered the time of day you will be exiting and what the sunlight and weather will be doing?

Have you thought about how to dress up your venue for high impact in your photographs?

Do you need help printing photos to include with your invitations or announcements?

Do you want help designing custom announcements or invitations?

What theme or style will be reflected in your wardrobe, setting and decorations of your wedding? How can we amplify that theme for you?

Have you thought about asking guests to have a device free ceremony? (Allowing them not only to fully engage in the ceremony, but freeing up the professional photographer's images of device clutter and lcd screens).

If you are having a rehearsal and/or rehearsal dinner, have you considered inviting the photographer and other vendors to allow them a greater knowledge of what will take place the day of?

Will you need to obtain any permits or passes for the locations that will be part of your wedding events for your vendors, including your photographer?

In the case of adverse weather, do you have an alternative plan?
