- Walk down the easement, right of the gate and stop at the wall *(diagram 3)*
- Someone should be there to greet you. If not, we are busy with another session. You may see us working. We are the photographers wearing the orange t-shirts. (so you can see us easier)

Helpful tips for your Beach Session

Please plan for traffic, and arrive at least 15 minutes early.

The photographers will meet you at the end of the easement. (diagram 3)
If you are more than 15 minutes late for your appointment, you will forfeit your session time and fee. No refunds are given for late appointments or no shows.

Dogs are not allowed **ON THE SAND** per city code.

If you would like to bring your dog to be photographed with you we can do so at the top near the meeting wall. Please make sure your pooch is leashed and bring someone to watch the dog during the remainder of your session.

Since we cannot predict weather patterns, **be prepared to accept a variety of lighting conditions.** An overcast sky will create soft, pastel light with little shadow to the face. A bright sunny day will create a more crisp light therefore leaving darker shadows to the face.

No cameras, other than those used by Visual Photography, are allowed during the session.

Please call if you are running late. You can contact the photographers on this cell phone: 858-774-1099

Wardrobe Suggestions

Choose one outfit only for your beach session. You may bring a jacket, sweater or props to accent your session. Solid color tops and slacks stand out the best at the beach.

Girls, please avoid mini skirts for they are too confining to pose. Also if you would like to wear a dress, we suggest avoiding empire waist or "baby-doll" styles. Unpredictable winds cause this style dress to make one look heavier than desired.

Each Photography team has a Personal Stylist to help you look your best.
